with Value-Based Education

VOLUME: 14 / ISSUE: JUN 2025 NEWSLETTER

Dr. R.S.Lal Mohan Memorial Excellent Educator Awards 2025

On 6th April 2025, AJK College of Arts and Science, Coimbatore (Autonomous) had the privilege of hosting the prestigious"Scientist Dr.R.S.Lal Mohan Memorial Excellent Educator Awards 2025" and the book titled “Father of Eco-Awareness in Kanniyakumari District” release ceremony.

Fresher's Day - 2024

AJK College of Arts and Science Coimbatore (Autonomous) an A+ accredited institution by NAAC conducted Fresher's Day Inaugural Ceremony for students enrolled in the 2024–2027 Undergraduate Program on 27th Jun 2024. Prof.Dr.Ajeet Kumar Lal Mohan, Vice Chancellor Convenor Committee Member Bharathiar University Secretary AJK Group of Institutions Coimbatore delivered the presidential address. Prof.Dr.Jayanthasri Balakrishnan Motivational Speaker Educationalist and Writer Coimbatore delivered the Inaugural Address.

Celebration of Teachers Day 2024

AJK College of Arts and Science, Coimbatore, celebrated Teachers' Day on 5th September 2024. The celebration included a variety of games and events, gift distribution and a communal lunch. Prof. Bindu Ajeet, Director, Dr. S. Raju, Principal, AJK College of Arts and Science delivered the Women's Day message to staff

Founder's Day Celebrations 2024

On September 19th, 2024, AJK College of Arts and Science, Coimbatore, proudly celebrated Founder's Day, a heartfelt tribute to the visionary behind our institution Prof. Dr. Ajeet Kumar Lal Mohan, Vice Chancellor Convenor Committee Member of Bharathiar University and Secretary of the AJK Group of Institutions. The event brought together Trustees, Management, the Principal, faculty, staff, and students in a unified celebration of our founder's enduring legacy. His creative leadership and unwavering commitment to educational excellence have been instrumental in transforming AJK College into one of Coimbatore's premier institutions.

Celebration of National Dolphin Day & VR Immersive Experience

AJK Group of Institutions celebrated National Dolphin Day on 5th October 2024 in memory of Founder Trustee Dr. R.S. Lal Mohan, Former Principal Scientist at CMFRaI (ICAR), New Delhi, and a pioneer in dolphin studies. The college organized a Dolphin immersive view in VR experience for staff and students. Prof. Dr. Ajeet Kumar Lal Mohan and Secretary of AJK Group of Institutions, Dr.S.Raju , Principal,AJKCAS staff and students participated in the program. The institution also took a pledge to protect dolphins and raise awareness about their conservation.

Republic Day Celebration 2025

To celebrate Republic Day, AJK Group of Institutions organized a special event to honour the contributions of twenty ex-servicemen and women on 26 January 2025. The event included a formal ceremony where they were presented with awards as a token of appreciation for their selfless service to the nation. Following the ceremony, a luncheon was hosted to express gratitude and provide an opportunity for meaningful interaction and celebration.

Dr. R.S.Lal Mohan Memorial Excellent Educator Awards 2025

On 6th April 2025, AJK College of Arts and Science, Coimbatore (Autonomous) had the privilege of hosting the prestigious "Scientist Dr. R.S. Lal Mohan Memorial Excellent Educator Awards 2025" and the Book Release Ceremony titled “Father of Eco-Awareness in Kanniyakumari District”. The event was a significant occasion, paying tribute to the exceptional contributions of educators and raising awareness about eco-friendly initiatives in the region. The event was graced by esteemed guests, including Prof. Dr. Ajeet Kumar Lal Mohan, Secretary of the AJK Group of Institutions and Vice Chancellor, Convenor Committee Member, Bharathiar University, Thiru. N. Suresh Rajan, Former Hon'ble Minister of Tourism and Registration, Government of Tamil Nadu, Dr. C Sylendra Babu IPS, Head of Police Force (Retd.), Writer Thiru. S.P. Udayakumar, Dr. Joseph Ranjit Jeyasekharan, Trustee of Dr. Jeyasekharan Hospital, Prof. Bindu Ajeet, Director of AJK Group of Institutions, and Dr. S. Raju, Principal of AJK College of Arts and Science. The Scientist Dr. R.S. Lal Mohan Memorial Excellent Educator Awards recognize outstanding educators at the school level from across Tamil Nadu

Women’s Day Marathon

AJK Group of Institutions & Coimbatore District Police celebrated the International Women’s Day on 8th Mar 2025 by organising a marathon. The event was flagged off by Prof. Dr. Ajeet Kumar Lal Mohan, Secretary, AJK Educational Institutions, Thiru. S. Navaneetha Krishnan, Inspector of Police, Madukkarai Police Station and Thiru. T. Ganesha Moorthy, Sub Inspector of Police, K.G. Chavadi Police Station.

ALVIDA'25

AJK Group of Institutions Coimbatore (Autonomous), an A+ accredited institution by NAAC, celebrated Alvida'25 on April 2, 2025. A DJ event that featured captivating performances by renowned celebrities like Asal Kolaar, Lil Payyan, and Kabri.

College Day & Sports Day

College Day & Sports Day 2025 AJK College of Arts and Science, Coimbatore (Autonomous) celebrated College Day & Sports Day 2025 on 11th Apr 2025. Chief Guest: Dr K Karthikeyan IPS., Superintendent of Police Coimbatore District. Prof. Dr. Ajeet Kumar Lal Mohan, Secretary AJK Group of Institutions, Vice Chancellor, Convenor Committee Member, Bharathiar University, Coimbatore, Prof. Bindu Ajeet, Director AJK Group of Institutions, Dr. S. Raju, Principal, AJK College of Arts and Science was present at the occasion. The Chief Guest distributed trophies and certificates to the toppers in the classes, outstanding performances in sports and extracurricular activities, and winners of competitions in the academic year.

Seminar on Exploring AI & ML in Various Domains

On 18.12.2024, Department of AI&ML organized a seminar on Exploring AI & ML in Various Domains conducted by Mr.Binil Kumar J, AIML Developer, NOYCE, Palakkad. He explained how AL and ML are applied in different domains, such as healthcare, finance, education, manufacturing, retail, transportation, etc. Students learned the essential technologies about the AI & ML in various domains.

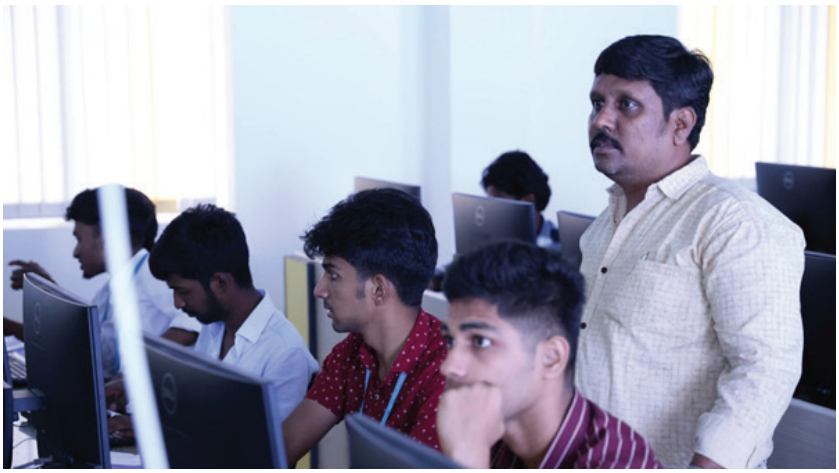
Alumni Talk on Turning Challenges into Opportunities: My Story of Resilience

On 02.01.2025, Department of AI&ML hosted the insightful Alumni Talk on Turning Challenges into Opportunities: My Story of Resilience by 2021-2024 Batch B.Sc. AIML alumnus Ms. Sreedevi K, a Software Developer from TCS, Bangalore.

She shared her experiences and provided students with valuable insights into different career paths, job roles and industries that they would not have been exposed to in their academic curriculum. The session had discussions including industry trends, essential skills and workplace dynamics.

Seminar on Research Methodology Design and Analysis in Artificial Intelligence and Machine Learning

A Seminar on Research Methodology Design and Analysis in Artificial Intelligence and Machine Learning was organized by the Department of AIML on 08.01.2025. The speaker was Dr.R.Porkodi, Professor, Department of Computer Science, Bharathiar University, Coimbatore. Students developed an awareness of the unique challenges in AI&ML research including model biases, data quality issues, computational limitations and ethical dilemma through the seminar. Students equipped with knowledge and techniques for data collection, data pre-processing and exploratory data analysis specific to AI&ML applications.



Workshop on AI Implementation using Python

On 31.01.2025, Department of AI&ML conducted a workshop on AI Implementation using Python. Mr. Sabarinathan, CEO, Gateway Software Solutions, Coimbatore provided the practical exposure to the students about the Python- based AI techniques in industry need. Participants gained the ability to start their own AI projects, having seen the full cycle from data pre-processing to model deployment.

Seminar on Impact of Open Source AI

A seminar on Impact of Open Source AI was organized by the Department of AI&ML on 06.02.2025. Ms.Darsana Haridas, IP Coordinator, Noyce Cyber Solutions, Palakkad was the speaker. The purpose of conducting the seminar was to analyse how different countries approach IP in the context of AI, as there can be significant variation in laws and regulations globally. Students gained a deeper understanding of how traditional IP laws (such as patents, copyrights and trade secrets) interact with open-source AI projects.

Seminar on AI & Automation

On 07.02.2025, Department of AI&ML organized an insightful seminar on the topic AI & Automation addressed by Mr.Krishna Lal, Founder and CEO, Noyce AIML & Data Science Development Company, Palakkad. The seminar highlighted how these technologies are currently being implemented in various sectors and their potential future impact. Students gained a foundational understanding of AI and automation, including machine learning, neural networks, RPA, NLP and more from this seminar.

Workshop on Cloud Computing and Big Data

The Department of AI&ML conducted a workshop on Cloud Computing and Big Data on 19.02.2025, delivered by Mr. Binilkumar J, AI Trainer, Noyce Cyber Solutions, Palakkad. The workshop focused on building technical skills that participants can directly apply to real-world projects. The attendees improved their ability to assess challenges, evaluate different cloud and big data solutions and develop strategies to optimize performance, scalability & security in real scenarios.

DEPARTMENT OF DIGITAL AND CYBER FORENSIC SCIENCE

National Level Conference On Innovations In Cyber Security Technology

The Department of Digital and Cyber Forensic Science & PG - Cyber Security organized a National Level Conference on "Innovations in Cyber Security Technology" on 3rd October 2024.The conference was inaugurated by Mr. Subash Jaganathan, a Certified Ethical Hacker, Computer Hacking Forensic Investigator and Penetration Tester from Chennai. During the inauguration, Mr. Subash highlighted the growing significance of Mobile and Drone Forensics as critical tools in modern cyber defence.

Research Methodology Program

The Department of Digital and Cyber Forensic Science & PG - Cyber Security organized a Research Methodology Workshop on "Vulnerability Assessment & Penetration Testing" on 17th December 2024 .The session was facilitated by Mr. Ramesh Kumar, Training Manager at Aotearoa Solutions Pvt. Ltd., Secure 260, Coimbatore. The workshop was attended by 52 students, who gained valuable knowledge about the fundamentals of vulnerability assessment tools and techniques used to identify potential threats and weaknesses in information systems.

Skill Development Program on Deep Fake Technology

The Department of Digital and Cyber Forensic Science & PG - Cyber Security, in association with Cyfotok Infosec Pvt. Ltd., organized a Skill Development Programme Workshop on "Deep Fake Technology" on 7th January 2025.The session was led by Mr. Prabhu R, Senior Cyber Security Analyst, Cyfotok Infosec Pvt. Ltd., Coimbatore. He provided comprehensive insights into identifying deep fakes in images, videos, and audio files using fundamental tools and emerging technologies such as Machine Learning, Neural Networks, and Generative Adversarial Networks (GANs). The workshop enabled students to critically assess the ethical implications and security risks posed by deep fake technologies.

Conference Proceedings Book Releasing Ceremony on Innovations in Cyber Security Technology: Department of Digital and Cyber Forensic Science & PG - Cyber Security organized a prestigious book release ceremony for the publication titled "Research Papers and Case Studies: Innovations in Cyber Security Technology" on 23rd October 2024 at the Police Commissioner Office, Coimbatore. The book was formally released by Thiru V. Balakrishnan, IPS, Commissioner of Police, Coimbatore, in the esteemed presence of Dr. K. Saravanakumar, IPS, DCP – South, and Tmt. R. Sughasini, DCP – Headquarters. Prof. Dr. Ajeet Kumar Lal Mohan, Secretary, AJK Group of Institutions, delivered the presidential address, acknowledging the significance of academic contributions in cyber security. Dr. Dineshkumar G.R, Vice Principal, AJK College of Arts and Science, was also present on the dais.

Programme on Patents to Protection: Blockchain's Role in IPR Security

The Department of Digital and Cyber Forensic Science & PG - Cyber Security organized an Intellectual Property Rights (IPR) Programme titled "From Patents to Protection: Blockchain's Role in IPR Security" on 27th January 2025.The session was conducted by Mr. Brijith K Biju and Mr. Harish M, Cyber Security Analysts from Cyfotok Infosec LLP Pvt. Ltd., Coimbatore. The programme focused on the intersection of blockchain technology and intellectual property rights, emphasizing how blockchain can be leveraged to enhance the security, transparency, and traceability of intellectual property.

DEPARTMENT OF COMPUTER SCIENCE WITH DATA ANALYTICS

Workshop on Web Development

The department of Computer Science with Data Analytics conducted a workshop on "Web Development" on 18.07.2024, More than 62 students were benefitted from this workshop, M.M.Anuja, Manager, IO Solutions, Coimbatore, gave hands on training in coding and building web applications

Research Methodology Seminar

The department of Computer Science with Data Analytics conducted a Seminar on AI IN FINANCE & HEALTH CARE on 26.07.2024, More than 130 students were benefitted from this seminar Mr. Bhuvanesh Chellapandian, IT Engineer,IPCS Global Pvt, Ltd, Coimbatore, made the students a deeper understanding of how AI can be applied in various areas of finance, such as fraud detection, risk assessment, and customer service

Entrepreneurial Development Seminar

The department of Computer Science with Data Analytics conducted a Seminar on Digtal Marketing Strategies for Startups" on 2.08.2024, More than 100 students were benefitted from this seminar Mr. Thanigai Prabu, Digital Marketing Expert, Yale IT Skill Hub, Coimbatore explained about the methodologies for digital marketing, Students learn to the promotion of brands to connect with potential customers using the Internet and other forms of digital communication.

Seminar on Generative AI:
Building the Future of Creativity & Innovation

The department of Computer Science with Data Analytics conducted a Seminar on "Generative AI: Building the Future of Creativity & Innovation on 5.08.2024, More than 120 students were benefitted from this seminar, Dr.Shanthagomathi Karthikeyan, Managing Director, Kerala Infrastructure and Technology and Education, Dharapuram, interact the students on Innovations in Generative AI, Students came to know the new career paths in AI technology and creative industries.

MOU Signing

The Department of Computer Science with Data Analytics signing MoU with KITE, Dhrapuram on 05.08.2024 , Dr.Shanthagomathi Karthikeyan, Managing Director,Kerala Infrastructure and Technology and Education, Dharapuram preside over the function.

The department of Computer Science with Data Analytics signed MoU with IO Solutions, Coimbatore. M. M. Anuja, Manager, IO Solutions, Coimbatore, preside over the function

Seminar on IPR in Development of Software Technology & Industry

The department of Computer Science with Data Analytics conducted a Seminar on "IPR in Development of Software Technology & Industry" on 29.08.2024, More than 80 students were benefitted from this seminar, Mr. Kidhir Hussain, Project Manager,Greenbotz Pvt Limited, Coimbatore explained about IPR in software technology to the broader innovation ecosystem by effectively managing their intellectual property.

Work shop on Building Resilient Systems Industry Insights

The department of Computer Science with Data Analytics conducted a workshop on Building Resilient Systems Industry Insights on 16.10.2024. More than 70 students were benefitted from this workshop Mr. Prithiviraj, Technical Architect, EPAM Systems, Chennai, provided the practical exposure to the students about Python in industry need . Participants developed the ability to create systems that can adapt to unforeseen challenges.

Semianr on Securing in Digital Frontier: Emerging Trends in Cyber Security

The department of Computer Science with Data Analytics conducted a Seminar on Emerging Trends in Cyber Security on 18.12.2024. More than 130 students were benefitted from this workshop Mr.M.M Sakigoku Director and CTO explained aboiut the cyber security concepts in detail and students gained an understanding of modern cyber security challenges and solutions, ensuring preparedness to combat advanced cyber threats

MoU Signing

The department of Computer Science with data Analytics signing MoU with Cyber Aran Private Limited, Coimbatore on 18.12.2024 , Mr.M.M Sakigoku Director and CEO presided over the function.

Seminar on Start-Up ideas in Software Industry

The department of Computer Science with Data Analytics conducted a Entrepreneurial development Seminar on start-up ideas in software industry on 08.01.2025, More than 120 students benefitted from this Seminar Mr.Mithun J V Founder & CEO,Quillnetics interacted with students on new start up plans in software industry and students gained knowledge about underserved markets, innovative software products, and launched start-ups, demonstrating leadership and problem-solving skills in addressing real-world challenges.

MOU Signing

The department of Computer science with data Analytics signing MoU with Cyber Aran Private Limited, Coimbatore on 08.01.2025 , Mr.Mithun J V Founder & CEO,Quillnetics, Coimbatore presided over the function.

Seminar on Emerging Research Opportunities in Data Science & Security

The department of Computer Science with Data Analytics conducted a Research methodology Seminar on Seminar on Emerging Research Opportunities in Data Science & Security on 29.01.2025, More than 130 students benefitted from this Seminar Mr. Maharaj Founder BCBUS technology explained about the research opportunities in the field of data science and gained knowledge to identify the interdisciplinary research among students data science cryptography, and cyber security.

Workshop on Mobile Application development

The department of Computer Science with Data Analytics conducted a National conference on Data Analysis and Visualization Using Power BI on 09.01.2025, More than 50 benefitted from this workshop. Ms. Gayathri.S Senior Developer, IO Solution Pvt Ltd gave practical exposure about mobile app development Students acquired the ability to build high-performance, cross-platform mobile applications using the Flutter framework and the Dart programming language.

Seminar on Legal Protections in Software & Networking

The department of Computer Science with Data Analytics conducted a Research Methodology Seminar on Legal Protections in Software & Networking on 05.02.2025. More than 120 students benefitted from this Seminar Mr. Vishnu.V gave introduction about legal protections and pattern rights in software and students acquired knowledge of software and networking laws, enabling them to navigate legal environments confidently.

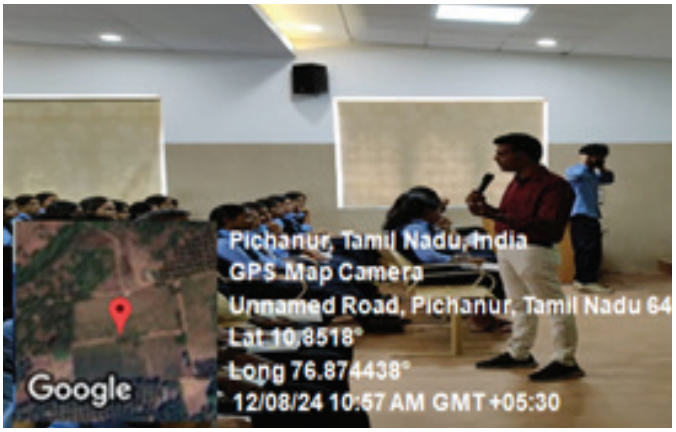
Workshop on Data Analysis And Visualization Using Power BI

The department of Computer Science with Data Analytics conducted a Research Methodology Workshop on Data Analysis And Visualization Using Power Bi on 27.02.2025, More than 40 students benefitted from this workshop Mr. VENKATESH PRASANNA, Assistant Professor , Presidency Business School , Bangalore gave hands on training in Power BI. Students successfully analysed and visualized data for better decision-making. They identified key insights that influenced business strategies

National Conference on Emerging Advancements in Data Analytics

The department of Computer Science with Data Analytics conducted a National Conference on Data Analysis And Visualization Using Power Bi on 28.02.2025, More than 55 students from various colleges participated. Mr.Manikanda prabhu, Assistant Professor, Amrita Vithya Manthir College, mysuru shared his knowledge about recent trends in data Analytics. Participants gained insights into the latest advancements in data analytics, including AI Machine learning, big data and cloud-based analytics solutions.

DEPARTMENT OF COMPUTER SCIENCE



Research Methodology Workshop

A Research Methodology Workshop on Research Opportunities in Robotic Automation Process using AI was held on 12.08.2024 organised by Department of Computer Science .The session was led by Dr. Sentil Kumar Senior AIML Developer, NITZ Technologies, Coimbatore. The participants gained insights into the research opportunities in robotic automation using AI. The session emphasized the significance of AI-driven automation in various industries, highlighting its impact on efficiency and innovation. Students learned about key methodologies involved in research related to robotic process automation and the challenges in implementing AI-based automation. A total of 139 students actively participated in the workshop.

Seminar on Full Stack Development

A Seminar on Full Stack Development was held on 05.09.2024 organised by Department of Computer Science . The session was led by Mr. Eswaran M, Head of Computer Operations, Live Stream Technologies, Coimbatore. The participants gained valuable insights into Full Stack Development, including front-end and back-end technologies, databases, and deployment strategies. The seminar emphasized the importance of mastering multiple technologies to build dynamic and scalable web applications. Students also learned about industry trends, best practices, and career opportunities in Full Stack Development. A total of 169 participants attended the session.

Seminar on Full Stack Development

A Seminar on Growth Mindset "The Fuel for Entrepreneurial Innovation" was held on 11.09.2024 organised by Department of Computer Science. The session was led by Dr. N. Somasundharam, Freelancer at Avitam Technologies, Coimbatore. The participants understood that success doesn't happen overnight. A growth mindset enables them to take a long-term view, adapt to changing circumstances, and remain focused on continuous improvement. The students acquired knowledge about the concept of a growth mindset and its importance. They also learned about the major challenges in entrepreneurial innovation. A total of 211 students participated in the program.

Seminar on Career Guidance

A Seminar on Career Guidance was held on 08.10.2024 organised by Department of Computer Science. The seminar was conducted for II & III year B.Sc. CS students by Ms. Gandhimathi S, Admin & HR Executive at Jeevan Info Tech, Coimbatore. The session provided valuable insights into career opportunities in the IT sector, resume building, interview preparation, and industry expectations. Participants learned about essential skills required for career growth and strategies to navigate the job market successfully. The session helped students understand the importance of continuous learning and adaptability in their professional journey. A total of 75 students attended the seminar.

Endowment Lecture on Recent Trends in AI Tools

The endowment lecture on Recent Trends in AI Tools organized by Department of Computer Science held on 10.10.2024 led by Mr. Mohamed Ibrahim, Software Developer at Accent Techno Soft, Coimbatore, provided valuable insights into the latest advancements in AI tools and their applications across various industries. The session covered emerging AI technologies, their impact on automation, and how students can leverage these tools for research and career growth. Participants gained a deeper understanding of AI-driven solutions and the evolving landscape of artificial intelligence.

Alumni Talk on Mobile Ad Hoc Networks

A Alumni Talk on Mobile Ad Hoc Networks was held on 28.10.2024 led by Mr. Adarsh, an alumnus from the 2020–2023 BCA batch and an IT Associate at Ambit IT Park, Chennai, shared his insights on Mobile Ad Hoc Networks. The session covered the fundamentals of MANETs, their applications, and the challenges in establishing decentralized wireless networks. Participants gained practical knowledge on network protocols, real-world implementations, and industry trends related to MANETs. The session also provided students with career guidance and motivation to explore opportunities in networking and IT infrastructure.

Alumni Talk on Crack the Tech - Find Your IT Flow

Alumni Talk on Crack the Tech - Find Your IT Flow was held on 28.10.2024 led by Mr. Vysakh V R, Resource Manager at Adobe Systems, Bangalore. The session provided valuable insights into navigating the IT industry, identifying career paths, and developing essential technical and soft skills. Mr. Vysakh shared his experiences and strategies for excelling in the tech field, emphasizing the importance of continuous learning, adaptability, and problem solving.

Alumni Talk on Responsive Web Design

On January 7th, 2025, an enlightening Alumni Talk on "Responsive Web Design" was conducted by Department of Computer Science, shedding light on the growing importance of responsive design in today's digital age. The session was led by Ms. Sikha K, a distinguished alumnus of the B.Sc. CS program and a System Engineer at Infosys Limited in Bangalore.

Endowment Lecture

On 21.01.2025 the Department of Computer Science hosted an enriching Endowment Lecture on Mobile App Development using Flutter, aimed at introducing students to the robust capabilities of Flutter for building cross-platform mobile applications. Mr. Ibrahim J, a seasoned Senior Flutter Developer from Accent Techno Soft, led the session with enthusiasm and expertise. Participants were guided through the core concepts of Flutter, including UI design, state management, testing, and publishing mobile applications.

Industrial Visit

The Department of Computer Science organized an Industrial Visit to Code bind Technologies, Coimbatore, on 24th January 2025, offering students a valuable opportunity to gain real-time industry exposure. The session, titled "Generative AI in Virtual Reality," was led by Ms. Soundarya, a Software Developer at Code bind Technologies. She provided an engaging and informative presentation on the use of Python in IT applications, with a focus on how it powers innovations in AI and virtual environments.

Industrial Visit

An enlightening industrial visit was organized by Department of Computer Science to Capulus Technology Private Limited, Karnataka, on 28th January 2025. The visit aimed to bridge academic learning with cutting-edge technological practices in the industry. The session on "Generative AI in Virtual Reality" was led by Mr. Arjun K R, Executive Director of Capulus Technologies. He delivered an in-depth presentation on the convergence of Artificial Intelligence and Virtual Reality, focusing on real-world implementations and industry-driven use cases.

Entrepreneurship Development Seminar

The Department of Computer Science successfully conducted an Entrepreneurship Development Seminar on "From Idea to Execution: The Start-Up Journey" on 29th January 2025. The session was led by Mr. Hashir Chillidath, the visionary Founder & CEO of Growspace Innovations Pvt. Ltd., Palakkad. The seminar was designed to ignite the entrepreneurial spirit among students and equip them with the mindset and tools needed to transform innovative ideas into successful ventures.

Seminar on Effective Business Planning: Strategies for Growth And Sustainability

The Department of Computer Science hosted a valuable seminar on "Effective Business Planning: Strategies for Growth and Sustainability" on 7th February 2025. The seminar was conducted by Mr. Ramkumar Thangavel, Managing Director of Skylena Info Technologies, Coimbatore. The session was aimed at empowering students with strategic insights into designing robust business plans that drive long-term success.

Research Methodology Seminar

The Department of Computer Science organized an insightful Research Methodology Seminar on the topic "AI-Powered Environmental Sensors" on 30th January 2025. The session was led by Mr. Akshay K. Nair, Operations Processing Officer at Safe Technologies, Palakkad. The seminar aimed to explore how artificial intelligence is revolutionizing the field of environmental monitoring through sensor technology. Drawing from industry experience, Mr. Nair shared how AI is being integrated with sensor systems to collect, analyse, and respond to environmental data in real time.

Entrepreneurship Development Seminar

The Department of Computer Science organized an Entrepreneurship Development Seminar on "Analytic Problem Solving in Business" on 7th February 2025. The session was led by Mr. P. R. Abdul Rameez, an Engineer at Tata Elxsi, Trivandrum, who shared his industry experience and insights into applying analytical techniques to solve complex business problems. This seminar was designed to equip students with critical thinking and data-driven decision-making skills essential for entrepreneurial success.

IPR Seminar on IT & Entrepreneurship

The Department of Computer Science organized an insightful IPR (Intellectual Property Rights) Seminar on "IT & Entrepreneurship for the Next Decade .A Global Perspective" on 18th February 2025. The seminar was led by Mr. John Theophilus, Founder & Director of WebEx Business Solutions, Coonoor. The session aimed to provide students with an understanding of how intellectual property plays a crucial role in the evolving landscape of technology and entrepreneurship worldwide.

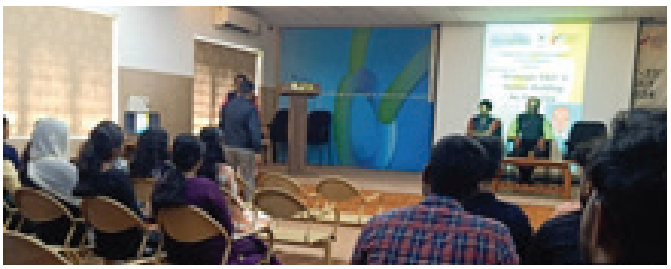
Workshop on AI-Driven Model for Smart Intruder Detection System

The Department of Computer Science organized a hands-on Workshop on "AI-Driven Model for Smart Intruder Detection System using OpenCV" on 19th February 2025. The session aimed to provide participants with a practical understanding of how artificial intelligence and computer vision can be integrated for real-time security solutions. The workshop was led by Mr. Sabari Prakash S, Software Developer and Business Executive at Seattle Technologies, Coimbatore. With a blend of technical expertise and industry knowledge, Mr. Sabari guided students through the end-to-end development of a smart surveillance system.

DEPARTMENT OF FORENSIC SCIENCE

1.Industrial Visit to Defence Research and Development Organisation (DRDO-DIA, BU)

The students of Department of Forensic Science visited the DRDO-DIA Centre of Excellence at Bharathiar University Coimbatore on 02.08.2024. They were engaged with experts including Dr. K. Kadirvelu, Scientist & Additional Director, Defence Bioengineering & Electron Medical Laboratory. DRDO and gained insights on role of R&D in nation building, strategic planning and policy formation, innovation and competitiveness.



Seminar on Strategic R&D in Nation Building

Seminar on "Strategic R&D in Nation Building: An Overview" was conducted by the Department of Forensic Science on 07.08.2024. Resource Person for the event was Dr. K. Kadirvelu, Scientist F & Additional Director, Defence Bioengineering & Electron Medical Laboratory-DRDO. The resource person delivered a talk on how research and development activities in the field of defence are needed in national defence strategies, policies and also the scope and future directions.

Exhibition on Criminalistics: The Department of Forensic Science organized an exhibition "Criminalistics, The Science of Unseen Evidences" on 06.08.2024. The students conducted exhibition on various interesting forensic techniques and hands on experiments on criminalistics. Students made interactive displays on various forensic techniques and engaged with the viewers.

Industrial Visit to Clue4 Evidence, Bangalore

The Forensic Science students visited Clue Evidence, Bangalore on 06.09.2024, which is a leading private forensic organisation in India. The students were engaged by the experts in the organisation, providing hands on experience on various advanced instruments used in identification of fake currencies and documents. The experts also illustrated various real life case scenarios from their experience which provided many insights on the field.

Seminar on Trends & Advancements in Life Sciences and Forensic Science

The Department of Forensic Science organised a seminar on Trends & Advancements in Life Sciences and Forensic Science on 23 January 2025.The seminar provided an idea on the latest developments and emerging technologies in the rapidly evolving fields of Biotechnology and Forensic Science by the resource person Mr. Aphraim S. Panakkal, VETA Genomics, Trissur in the rapidly evolving fields of Biotechnology and Forensic Science. The resource person talked on the cutting-edge research and developments happening in the field and how the students can find a career in the rapidly evolving field.

Workshop on The Art of Decoding Crime: Psychology in investigations

A Workshop was conducted on 17 March 2025 on the topic, Forensic Psychology, in collaboration with Mr. Mohammed Favas and Ms. Kim Theresia from Psyforex, Malappuram, a private organisation with expertise in Forensic Psychology. An interactive session was held with discussions on fascinating topics including detection of deception, micro expression analysis, body language and other non-verbal cues. The students found the session to be very insightful and thought provoking.

Field Visit to Vellalore Lake Butterfly Park

Field visit to Vellalore Lake Butterfly Park, Coimbatore on 03 March 2025 1st and 2nd year students of B.Sc Forensic Science, in collaboration with EIACP Centre, Salim Ali Centre for Ornithology and Natural History, South India Centre of Wildlife Institute of India, Anaikatti, went on a field visit to Vellalore Lake Butterfly Park, where they engaged in bird spotting, butterfly spotting and enhanced their awareness on wildlife preservation and ecosystem management.

DEPARTMENT OF CATERING SCIENCE AND HOTEL MANAGEMENT

Seminar on Coffee with Mr. Jawahar Shantharaj

On July 29, 2024, Mr. Jawahar Shantharaj, Hotelier, delivered an insightful seminar focusing on the Current Trends and Opportunities in India's hotel industry. The session provided a comprehensive analysis of the sector's performance, challenges and future prospects.

Industrial Visit: Hotel Grand Chola, Chennai

On August 11, 2024, the students visited the ITC Grand Chola, a premier luxury hotel in Chennai, to gain insights into its operations, sustainability initiatives and architectural grandeur. The students gained knowledge through this visit to ITC Grand Chola which offered valuable insights into integrating luxury hospitality with sustainable practices and cultural homage. The HR Manager explained about the hotel's commitment to excellence, both in service and environmental stewardship, serves as an exemplary model in the hospitality industry.

Industrial Visit :Taj Fisherman's Cove Resort & Spa in Chennai

On August 13, 2024 the students visited the Taj Fisherman's Cove Resort & Spa in Chennai to gain insights into its operations, sustainability initiatives and architectural design. The visit to Taj Fisherman's Cove Resort & Spa offered valuable insights into integrating luxury hospitality with historical preservation and sustainable practices. More than 80 students of Catering Science & Hotel Management actively participated and got benefitted through this Industrial Visit.

World Tourism Day

On September 27, 2024, the Department of Catering Science and Hotel Management celebrated World Tourism Day with an awareness rally themed "Tourism and Peace" at Palakkad. The rally was inaugurated by Mr. Haridasan, Additional Superintendent of Police, Palakkad, Kerala, emphasizing the importance of safety and community engagement in tourism. He was joined by Prof. Dr. Ajeet Kumar Lal Mohan, Secretary of AJK Group of Institutions, who expressed support for promoting tourism education and awareness.

Seminar on Front Office

On January 7, 2025, Department of Catering Science and Hotel Management conducted a seminar on Front Office Operations by Mr. K. Elango, F.O Manager, at WELCOM hotel by ITC Hotels, Coimbatore. The students actively participated and got benefitted.

Workshop on Tasty Treats

Department of Catering Science and Hotel Management conducted a "Tasty Treats" Workshop on 8 October, 2024. Chef. Sadasivam showcased the preparation of various tea-time delicacies, including traditional snacks and innovative desserts, emphasizing the art of balancing flavours and textures.

Cake Mixing Ceremony

On November 8, 2024, AJK College of Arts and Science celebrated the Annual Cake Mixing Ceremony, marking the onset of the festive season. The event was organized by the Department of Catering Science and Hotel Management, with Chef. Kabildev. M. S., Executive Chef at WELCOM hotel by ITC Hotels, Coimbatore, gracing the occasion as the chief guest.

DEPARTMENT OF COSTUME DESIGN & FASHION

Self Grooming

Department of Costume Design and Fashion organized Workshop on Self Grooming on 06.07.2024. Grooming plays an essential role in building self-esteem and enhancing self-confidence, influencing both how we perceive ourselves and how others perceive us. A well-groomed appearance is often the first step towards feeling more positive and empowered

Handloom Exhibition Cum Sales

In view of National Handloom Day, Department of Costume Design and Fashion hosted a Handloom Exhibition cum Sale on August 7, 2024. The event served as a dynamic platform to promote traditional handloom textiles while providing students with a hands-on opportunity to engage in experiential learning beyond the classroom. Students played a central role in both organizing and participating in the event. Through their involvement, they gained valuable skills in project management, presentation and communication.

Industrial Visit

Department of Costume Design and Fashion Organized an Industrial visit to SCM Garments at Tirupur on 16.08.2024 . The purpose of the Industrial visit is to help students to learn about the Quality Control, Consistency, Compliance, Efficiency, Documentation etc. in the textile production units. This helped to know about the workflow and operations of a textile production unit first hand and valuable insights into different departments and processes.

Knit Wear Workshop

Department of Costume Design and Fashion conducted a two-day Crochet & Knitting Workshop from September 30 to October 1, 2024 offering students a unique opportunity to develop practical skills while engaging in creative self-expression. The workshop skillfully blended traditional techniques with modern applications, resulting in a rich, hands-on learning experience. The primary focus of the session was skill development. Students were introduced to the foundational techniques of crochet and knitting, such as casting on, knitting, purling, increasing/decreasing stitches and finishing methods.

Herbal Soap Making Workshop

Department of Costume Design and Fashion conducted an enriching Workshop on Herbal Soap Making on October 10, 2024. This hands-on session was designed to spark creativity, promote sustainability, and equip participants with practical and entrepreneurial skills.The workshop provided an exciting opportunity for students and attendees to explore their creativity by selecting colours, natural scents, and unique molds to create their very own handmade herbal soaps.

Workshop Aari Embroidery

Department of Costume Design and Fashion proudly organized an inspiring Aari Embroidery Workshop on October 14, 2024, led by B.Sc CDF alumni Ms. Nagasundhari S (2017-2020 Batch). This special session celebrated the beauty of traditional craftsmanship while offering students a hands-on learning experience rooted in cultural heritage.The workshop focused on the intricate art of Aari embroidery a decorative handcrafting technique that originated in India and is known for its elegance and precision.

Alumni Talk on Industry Trends and Future Outlook

On October 15, 2024, Department of Costume Design and Fashion hosted an insightful Alumni Talk on Industry Trends and Future Outlook led by B.Sc CDF alumni Ms. Suganthikamathi (2017-2020 Batch) providing students with a valuable opportunity to connect with industry professionals and gain first hand knowledge of the ever-evolving landscape of fashion and design. The session was designed to offer real-world insights, mentorship and practical guidance, helping students align their academic pursuits with current industry expectations.

Modelling Workshop

On October 16, 2024 Department of Costume Design and Fashion hosted an enriching Modelling Workshop tailored to fashion design students, focusing on vital skills for presenting their creations in professional settings. The workshop served to bridge the gap between design creation and model presentation, offering students hands-on experience in showcasing their designs with confidence and creativity. The primary aim of the workshop was to enhance students' understanding of the fashion presentation process.

Resin Art Workshop

Department of Costume Design and Fashion successfully organized a vibrant and immersive Resin Art Workshop on October 17, 2024, aimed at unleashing participants' creativity through hands-on learning with this versatile medium. Designed for both beginners and experienced creators, the workshop provided practical training and artistic inspiration, allowing participants to explore the unique world of resin art.

Workshop On Hair Cosmetology

On October 21, 2024, Department of Costume Design and Fashion successfully organized a comprehensive Workshop on Hair Cosmetology, offering participants an immersive, hands-on experience in the world of hairstyling and hair care. The workshop provided practical training in a range of professional hair techniques, including hair cutting styles, colouring methods and an in-depth look into various haircare products and their ingredients.

Mascoat Masters

On December 18, 2024 Department of Costume Design and Fashion organized the exciting Mascoat Masters Competition, a designer competition that brought together students from various departments to showcase their talent, creativity, and innovative ideas. The purpose of this event went beyond simply highlighting design skills. It served to foster creativity, encourage collaboration, and promote skill development.

Christmas Fashion Show

On December 20, 2024, Department of Costume Design and Fashion organized a spectacular Christmas Fashion Show, bringing festive cheer and showcasing the incredible talents of fashion students. This event not only celebrated the holiday season but also provided a dynamic platform for students to apply their academic knowledge in a real world setting. The primary purpose of the event was to provide students with the opportunity to translate their theoretical learning into practical application, allowing them to create unique garments, accessories, and styling for the fashion show.

Industrial Explore in Brands in Fashion

The Department of Costume Design and Fashion organized a highly enriching Industrial Visit to Brookfields Mall, Coimbatore on February 18, 2025. This visit aimed to provide students with valuable insights into how fashion brands create and maintain their unique identities through effective visual merchandising, store design, branding elements.

Seminar on International Job Market and Opportunities

The Department of Costume Design and Fashion hosted an insightful and enriching Alumni Talk on February 3, 2025. This special event aimed to connect students with successful alumni and provide valuable insights into the real-world applications of their studies.

Industrial Visit to Samara Exports

On February 18th, 2025 Department of Costume Design and Fashion organized an enriching Industrial Visit to Samara Exports Pvt. Ltd., Tirupur, offering students a unique, first hand experience of the textile production process and garment manufacturing practices. The primary goal of this industrial visit was to provide students with a deeper understanding of 2D and 3D design techniques in the context of a garment manufacturing unit. Students had the opportunity to observe and learn about various stages of textile production, from conceptualizing designs to final production, gaining insights into both the creative and technical aspects of the industry.

Work Shop on Tanjore Painting

On January 27, 2025, Department of Costume Design and Fashion organized an enriching Tanjore Painting Workshop, providing fashion students with the opportunity to delve into the world of traditional South Indian art. The workshop went beyond just artistic expression, offering valuable experiences in cultural and design appreciation. The Tanjore painting workshop was highly beneficial for students, offering a deeper understanding of India's rich cultural heritage.

Work Shop on Saree Pre Pleating and Box Folding

On February 19, 2025, Department of Costume Design and Fashion organized an enriching Saree Pre-Pleating and Box Folding Workshop. The workshop provided participants with hands-on experience in the essential skills of pleating and box folding, valuable for both personal styling and professional saree draping services. During the workshop, students learned the art of pre-pleating sarees to create perfect, even folds and the efficient technique of box folding to store sarees without compromising their fabric quality.

Workshop on Advanced Draping Techniques

On March 10, 2025 Department of Costume Design and Fashion organized an engaging Advanced Draping Techniques Workshop. This workshop was designed to push the boundaries of traditional draping methods, offering participants the opportunity to learn complex patterns and explore sophisticated fabric manipulation techniques. The purpose of this workshop was to enhance students' draping skills by introducing them to more intricate and advanced techniques, encouraging them to move beyond basic draping and experiment with fabric in new, creative ways.

Alumni Talk on Challenges and Opportuities In Garment Industry

Department of Costume Design and Fashion organized Alumni Talk on Challenges & Opportunities in Garment Industry (18.03.2025). The purpose of this alumni talk on Challenges and Opportunities in Garment Industry the Indian garment industry faces numerous challenges, including rising raw material costs, infrastructure bottlenecks, lack of technological advancement, inconsistent quality and standards, supply chain issues, environmental concerns, labour issues and intense market competition. Sustainability remains a critical issue as consumers become more aware of the environmental impact of their purchasing decisions, especially regarding apparel.

Seminar on Product Launch Strategies

Department of Costume Design and Fashion at AJK College Successfully organized seminar on Product Launch Strategies (18.03.2025). The purpose of this event to introduce a new garment or collection to the target audience. Generate excitement and anticipation before the official launch. Position the new product within the brand's overall image and market niche. Highlight unique selling points that differentiate the product from competitors. Stimulate demand and convert interest into purchases. Collect initial feedback from customers after the product is launched. Leverage influencers, celebrities and media to amplify the product's reach.

DEPARTMENT OF VISUAL COMMUNICATION

A Visit to Wild Life Photography Exhibition

Department of Visual Communication organized an educational tour to the Wildlife Photography Exhibition by DJMP at the Kasturi Sreenivasan Art Gallery in Coimbatore on August 1, 2024. Students viewed award-winning photographs in wild and visited the museum displaying various artefacts and sculptures. They gained insights into wildlife photography and its career opportunities.

Workshop on Theory & Demonstration of Drone Operation

The Visual Communication department hosted a workshop on Drone Operation Theory & Demonstration on August 10, 2024, led by drone pilot Nishanth M from Coimbatore. The workshop offered students theoretical and practical knowledge about drone operation, focusing on film industry techniques. Topics included drone photography, area surveillance, land measurement, and construction site monitoring. A total of 29 students attended, engaging actively in both theoretical and outdoor flying sessions and providing positive feedback.

Alumni Talk on Exploring the Art of Film Direction

Department of Visual Communication hosted an Alumni Talk on Film Direction on October 9, 2024, featuring renowned director Akhil Anilkumar from the Malayalam film industry. 25 students participated, engaging in discussions about storytelling, cinematography and production. They gained insights into filmmaking trends, challenges and career paths, as well as the skills required for directing and managing a film crew.

Workshop on Corporate Videos and AD Film Production

On 10th October 2024, the Department of Visual Communication hosted a Workshop on Corporate Videos and AD Film Production, led by Mr. Lalu T P from Layam Advertising Media. Students learned about brand communication and gained hands-on skills in storytelling, filming techniques, and editing.

Seminar on Emerging Trends in Digital Marketing

On 12 February 2025, the Department of Visual Communication hosted a seminar on Emerging Trends in Digital Marketing attended by 31 students. Led by branding expert Mr. Maha Mahesh, the seminar covered key topics like AI-driven advertising, influencer marketing, and immersive content (AR/VR). This allowed students to enhance their skills in content creation, social media marketing, and brand promotion, making them more competitive in the job market.

Workshop on Advanced Visual Editing- Adobe Premier Pro

On 18th February 2025, the Visual Communication Department hosted an Advanced Visual Editing Techniques workshop in the computer lab. About 30 students received hands-on training in Adobe Premiere Pro from expert video editor Mr. Dinesh Kumar. The workshop focused on advanced effects, transitions, and compositing techniques, covering features such as multi-camera editing, colour grading, audio techniques, and motion graphics to enhance video production quality.

DEPARTMENT OF BIOTECHNOLOGY

Industial Visit to DRDO - BU

The Department of Biotechnology organized an industrial visit to Defence Research and Development Organisation (DRDO) BU Centre for Life Science for Biotechnology students, providing them with a unique opportunity to witness cutting-edge advancements in defence biotechnology on 2 August, 2024. This visit aimed to bridge the gap between theoretical learning and practical applications, offering students first-hand exposure to sophisticated technologies, innovative research and real-world applications in defence and national security. Experts at DRDO provided valuable insights into on-going projects, showcasing how biotechnology plays a crucial role in developing strategic solutions. Interacting with scientists and researchers, students explored the latest advancements in bio-defence, medical research and technological innovations. This experience not only enriched their academic knowledge but also inspired them to pursue careers in biotechnology research and development.

Strategic R&D in Nation Building: An Overview

On August 9, 2024, Department of Biotechnology hosted a significant event titled "Strategic R&D in Nation Building: An Overview" highlighting the pivotal role of research and development in shaping a nation's progress. The session was spearheaded by Dr. Kadirvelu, D.Sc, FRSC, FASC, a distinguished scientist renowned for his contributions to advanced research and innovation. The event provided an insightful discourse on how scientific advancements, technological breakthroughs and strategic policy frameworks contribute to national growth. Dr. Kadirvelu emphasized the importance of multidisciplinary research, innovation-driven economies and sustainable development in fostering self-reliance and global competitiveness.

National Workshop on PCR Technology

The Department of Biotechnology organized a one-day national workshop on PCR Technology, bringing together students, researchers and faculty from various institutions on 8 January 2025. The workshop was spearheaded by Mr. Karukavel Raja. R, Chief Scientist, Genolites Research and Development Laboratory, Coimbatore who provided in-depth insights into the principles, advancements and applications of Polymerase Chain Reaction (PCR) technology. With participants from multiple colleges, the workshop served as an excellent platform for learning and collaboration. Hands-on training sessions, technical demonstrations and interactive discussions allowed attendees to gain practical experience in DNA amplification techniques, an essential tool in modern biotechnology. The event highlighted the significance of PCR in diagnostics, genetic research, forensic science and biomedical applications. It provided a valuable opportunity for participants to engage with experts and explore real-world applications of PCR.

Primer –Blast Workshop

The Department of Biotechnology conducted a one-day workshop on Primer BLAST, designed to equip biotechnology students with essential bioinformatics skills for primer design and validation on 28 February, 2025. The workshop was led by Dr. S. Vijayakumar, Research Scientist, VJ Biotech, who provided an in-depth understanding of Primer BLAST's applications in molecular biology, genetic research and diagnostics. Students actively participated in hands-on training sessions, where they learned to design highly specific primers for PCR and PCR applications. The workshop covered primer optimization strategies, troubleshooting techniques and real-world case studies, ensuring participants gained practical expertise in computational biology. With enthusiastic participation from students, the event served as a valuable platform for knowledge exchange and skill development. The workshop emphasized the importance of bioinformatics in modern biotechnology, aimed to fostering research-oriented learning and scientific innovation.

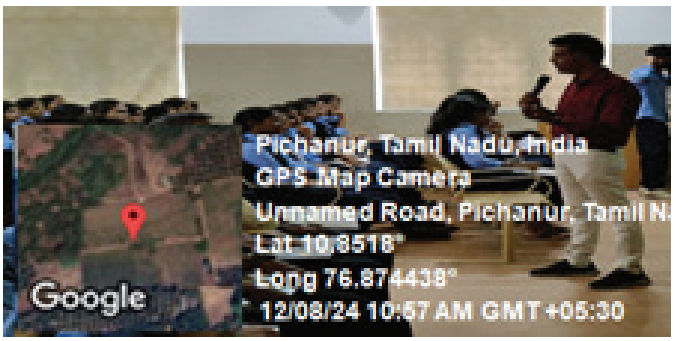
Seminar on Waste Management: Facts, Challenges and Solutions

The Department of Biotechnology organized an insightful seminar on Waste Management: Facts, Challenges and Solutions on 27th February 2025. The session was led by Dr. Thaseem, Senior Scientist, Integrated Rural Technology Centre, Mundur, Palakkad, who provided a comprehensive overview of the current waste management landscape, pressing environmental concerns and innovative solutions. Dr. Thaseem highlighted the impact of improper waste disposal, challenges in recycling and sustainable waste management strategies. The seminar covered modern waste treatment technologies, bioremediation approaches and policy frameworks, encouraging students to think critically about eco-friendly waste management practices. With active participation from students and faculty, the seminar fostered thought-provoking discussions on sustainable waste solutions. The event reinforced the importance of scientific research and community-driven initiatives in addressing waste-related challenges, aligning with AJKCAS's vision of promoting environmental sustainability and responsible scientific innovation.

DEPARTMENT OF COMPUTER APPLICATIONS

Induction Programme

The Department of BCA organized an insightful and engaging Induction Programme for the 1st year BCA students on 27.06.2024 led by Dr. Aneesh Kumar A. S., Associate Professor and Head of the Department of Computer Applications.



Seminar on Artificial Intelligence (AI) and its Applications

The Department of BCA organized an insightful seminar on Artificial Intelligence (AI) and its Applications held on 12th August 2024 led by Dr. Senthil Kumar, Senior AI/ML Developer at INITZ Technologies, Coimbatore. The session aimed to equip participants with hands-on experience in utilizing real-time AI tools for data analysis and prediction.

Seminar on IoT with Arduino

The Department of BCA organized an engaging and informative seminar on the Internet of Things (IoT) with Arduino held on 19th August 2024 led by Mr. Aditya Ramesh, Head of Operations at Twirl Tact Technology Solutions Private Limited, Coimbatore. The seminar's primary goal was to provide practical exposure to IoT, specifically through the use of Arduino.

IPR Seminar on Legal Protection of IT Products

The Department of BCA organized an impactful Intellectual Property Rights (IPR) seminar on the topic "Legal Protection of IT Products" held 02.09.2024 led by Mr. Krishnalal K K, CEO of Safe Technologies, Palakkad. The seminar aimed to raise awareness among students about the importance of legal frameworks in protecting digital innovations and intellectual property in the IT sector.

ED Seminar on Growth Mindset : The Fuel for Entrepreneurial Innovation

The Department of BCA organized an Entrepreneurship Development (ED) Seminar on "Growth Mindset: The Fuel for Entrepreneurial Innovation" held on 11.09.2024 led by Dr. N. Somasundharam, Freelancer at Avitam Technologies, Coimbatore. The objective of the seminar was to cultivate an entrepreneurial mindset among students and encourage innovative thinking through the development of growth mindset.

Seminar on Career Readiness and Resume Building

The Department of BCA organized an impactful seminar on Career Readiness and Resume Building held on 8th October 2024 led by Ms. Gandhimathi S, Admin & HR Executive at Jeevan Infotech, Coimbatore. The primary objective of this seminar was to equip students with essential career development skills and help them prepare for their professional journeys.

Endowment Lecture Seminar on Recent Trends in AI Tools

The Department of BCA organized an Endowment Lecture Seminar on "Recent Trends in AI Tools" held on 10.10.2024 led by Mr. Mohammed Ibrahim, Software Developer at Accent Techno Soft, Coimbatore. The primary objective of the seminar was to provide students with insights into the evolving landscape of Artificial Intelligence, ethical considerations and its practical applications across industries. Mr. Mohammed Ibrahim delivered an engaging session that highlighted how AI continues to transform the way we interact with technology and the world around.

Alumni Talk on Virtual LAN Technology

The Department of BCA hosted an informative session on Virtual LAN (VLAN) Technology on 20th January 2025, led by Mr. Karthick M., an esteemed alumnus of the BCA program (batch of 2018–2021)

Industrial Visit to iLuZia Labs LLP

The Department of BCA organized an enriching industrial visit to iLuZia Labs LLP on 21st January 2025. During the visit, Mr. Noufal P., the Founder and CEO of the company, conducted an insightful session on 'Social Interaction in Virtual Worlds.' He shared his expertise on the evolving nature of virtual environments and their increasing impact on social behavior and emerging business opportunities.

Workshop on Building Your First Chatbot

On 29th January 2025, the Department of BCA organized an engaging workshop titled Building Your First Chatbot led by Mr. Hashir Chillidath, Founder and CEO of Growspace Innovations Pvt. Ltd, Palakkad. The session offered students a comprehensive introduction to chatbot development, covering foundational concepts, popular frameworks, and real-world applications of this rapidly evolving technology.

Entrepreneurship Development Seminar on Tech Startups & Innovation

On 30th January 2025 the Department of BCA organized an insightful seminar on Tech Start-ups & Innovation led by Mr. Akshay K. Nair, Operations Processing Officer at Safe Technologies, Palakkad. The seminar offered participants valuable insights into the dynamic landscape of tech start-ups, innovation strategies, and the challenges of entrepreneurship in the technology sector.

Seminar on The Fullstack Blueprint: A Comprehensive Guide

On 3rd February 2025, the Department of BCA organized an insightful Endowment Lecture on The Fullstack Blueprint: A Comprehensive Guide led by Mr. Ananthu Vijayan from Kompetenzen Technologies, Ernakulam. The session provided participants with an in-depth understanding of full-stack development, covering both front-end and back-end technologies.

Seminar on Problem Solving Methodologies in Business

On 7th February 2025 the Department of BCA organized an engaging Entrepreneurship Development session on Problem-Solving Methodologies in Business led by Mr. P. R. Abdul Rameez, an Engineer at Tata Elxsi, Trivandrum. The session focused on strategic approaches for effectively identifying, analyzing, and resolving business challenges.

Seminar on Intellectual Property Rights (IPR)

On 7th February 2025, the Department of BCA organized a highly informative seminar on IPR in the Digital Age: Challenges and Opportunitie, led by Mr. Ramkumar Thangavel, Managing Director of Skylena Info Technologies, Coimbatore. The session offered valuable insights into the significance of Intellectual Property Rights (IPR) within the rapidly evolving digital landscape.

Seminar on IT Courses Applied in Real-World Scenarios

On 7th February 2025, the Department of BCA organized an insightful seminar on IT Courses Applied in Real-World Scenarios led by Mr. Mohammed Shamil P. N., Campus Collaboration Head at KINFRA Techno Industrial Park, Kakkancherry, Malappuram, Kerala. The session provided participants with practical insights into how IT coursework translates into real-world applications across diverse industries.

Workshop on AI & Automation for Business and as a Business

On 18th February 2025 the Department of BCA organized an enlightening workshop on AI & Automation for Business and as a Business led by Mr. John Theophilus, an accomplished entrepreneur and tech expert. The session explored the growing impact of artificial intelligence and automation in modern business practices. Mr. John shared his expertise on AI-powered business models, essential automation tools, and strategic approaches for adopting AI across various industries.

Alumni Talk on Building an AI Model for Detection of Fund-Raising Forgery in Society

On 19th February 2025, the Department of BCA organized an insightful seminar on Building an AI Model for Detection of Fund-Raising Forgery in Society led by Mr. Sabari Prakash S, Seasoned Software Developer and Business Executive from Seattle Technologies, Coimbatore. The seminar highlighted the crucial role of artificial intelligence in identifying and combating fraudulent fundraising activities.

Workshop on Data Analysis and Visualization with Python

On 24th February 2025, the Department of BCA organized a hands-on workshop on Data Analysis and Visualization with Python led by Mrs. Vaisnavi J, Technical Support Engineer at Qtree Technologies, Coimbatore. The workshop focused on equipping participants with essential skills to analyze and visualize data using Python. Mrs. Vaisnavi guided students through various Python libraries and tools to manipulate complex datasets, uncover patterns, and derive actionable insights.

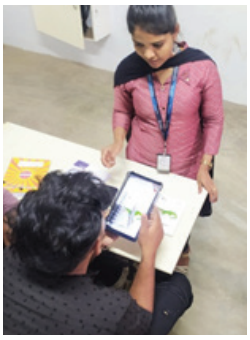
Alumni Talk on Current Trends in IoT

On 28th February 2025, the Department of BCA organized an Alumni Talk on Current Trends in IoT led by Mrs. Jwola Jose, a distinguished alumna and Senior Software Developer at Kenmerk Softwares. The session provided participants with valuable insights into the latest developments in the Internet of Things (IoT) and its wide-ranging applications.

Session on Full Stack Development

On 13th March 2025, the Department of BCA organized an industrial visit to Adhoc Softwares, Coimbatore, where students had the valuable opportunity to attend an expert session on Full Stack Development led by Mr. Akash S, Python Developer. The session aimed to provide participants with a comprehensive understanding of full-stack development, covering both front-end and back-end technologies.

DEPARTMENT OF AUGMENTED REALITY AND VIRTUAL REALITY



Skill Development Seminar

Department of BCA AR and VR organized a Skill Development Seminar on 14.08.2024, titled "Demystifying Augmented and Virtual Reality." led by Mr. Nijamudeen (Founder) and Mrs. Agasthiya (Project Head) of FIST-O, Coimbatore. This event provided hands-on insights into AR and VR technologies, practical applications, and industry impacts to enhance participants' professional expertise.

Seminar on IP Master Class

Department of BCA AR and VR organized a seminar on IP Master Class: Protecting Your AR/VR Creations on 22.08.2024, featuring Mr. Celestine P, Robotics Engineer at Robotics, Coimbatore Students learnt to safeguard AR/VR innovations through patents, trademarks and copyrights, explored legal strategies, common pitfalls and practical advice to stay competitive while navigating IP challenges.

Seminar on 3D Animation Integration

Department of BCA AR and VR organized a seminar on 3D Animation Integration with AR & VR on 26.09.2024, conducted by Mr. Nijamudeen (Founder) and Mrs. Agasthiya (Project Head) of FIST-O, Coimbatore, students gained proficiency in 3D modeling for AR/VR, storyboard concepts, lighting techniques, sculpting software and learnt low and high polygon designs and explored environmental lighting for immersive experiences.

Seminar on Virtual Horizons

Department of BCA AR and VR organized a seminar on Virtual Horizons: Immersive Learning for the Future on 03.10.2024, led by Mrs. Bindhuja, Senior Executive HR and Learning Development Head at App Innovation Technologies Pvt. Ltd, Coimbatore. Explore future possibilities for reshaping traditional education and environments.

3D Creation Lab

On 18.12.2024, Mr. Abishek Selvaraj, 3D Artist and Training Associate at PSGR Krishnammal College for Women, Coimbatore, hosted 3D Creation Lab: Unlock Your Imagination. This hands-on event focused on advanced 3D modeling techniques and industry-standard tools. Participants learn to collaborate, build skills, and transform imaginative concepts into reality. A remarkable opportunity for aspiring creators to expand their horizons in the world of 3D design.

Seminar on The Role of AI in Shaping the Metaverse

On 8.1.2025, Mrs. Bindhuja R, Executive Human Resource at App Innovation Technologies, Coimbatore, took seminar on The Role of AI in Shaping the Metaverse. This event delved into AI's transformative impact on the Metaverse, showcasing its role in driving innovation, enhancing user experiences, and enabling interactive environments. Attendees gained insights into how AI technologies are shaping the future of virtual worlds.

Seminar Explore the Skills

On 9.1.2025, FIST-O AR/VR/XR Technologies hosted the seminar "Explore the Skills in 3D Modelling, Texturing, and UV Mapping" at their premises in Coimbatore. Led by Mr. Nijamudeen, Founder & CEO, the event focused on real-world applications of 3D technologies. Students gained insights into industry operations, explored career opportunities, and witnessed innovative problem-solving techniques, bridging the gap between theory and practice. A valuable experience for aspiring industry professionals.

IPR Seminar on Digital Sculpting

On 20.1.2025, the IPR Seminar on Digital Sculpting: Shaping the Virtual World was conducted, featuring Mr. Sridhar, Technical Specialist at App Innovation Technologies, Coimbatore. This seminar explored intellectual property rights in the digital age, delving into the innovative techniques behind sculpting virtual worlds. Attendees gained insights into the legal frameworks safeguarding creativity in a rapidly evolving digital landscape. An inspiring session for future-focused creators and tech enthusiasts.

Visited FIST-O AR/VR/XR Technologies

On 9.1.2025, students were visited FIST-O AR/VR/XR Technologies, an event aimed at bridging the gap between theoretical knowledge and real-world applications. Students were gain valuable insights into industry operations and trends while exploring career opportunities in immersive technologies. The visit promises to inspire growth by showcasing practical challenges and solutions, enabling students to witness how industries innovate and operate in dynamic environments.

Virtual Tour on Space Workstation

On 29.1.2025, all UG students participated in an exciting Virtual Tour on Space Workstation in the Reading Hall of Library. The event showcased Virtual Reality technology with students from the BCA Augmented and Virtual Reality program leading the experience. They shared their expertise and guided attendees through immersive virtual environments, inspiring curiosity and highlighting the innovative potential of VR in education. It was an engaging and enlightening experience for UG Students in AJK College.

Workshop on Beyond the Surface: An Immersive 3D Modelling

On 11.3.2025, AK Code Lab, Coimbatore hosted the workshop Beyond the Surface: An Immersive 3D Modelling led by Mr. Arunkumar P, Founder & CEO. This session blended theoretical insights and practical training, empowering participants to craft 3D objects while exploring the creative and technical dimensions of the field. Designed to inspire innovation and enhance problem-solving skills, the workshop prepared attendees for dynamic careers in gaming, animation, architecture, and virtual reality industries.

DEPARTMENT OF COMPUTER APPLICATIONS - ARTIFICIAL INTELLIGENCE

Induction Program

The Department of Computer Applications organized a comprehensive Induction Program on 27.06.2024 to help students integrate into the campus life and academic environment. Led by Dr. Aneesh Kumar A S, Associate Professor and Head of the Department, the program aimed to familiarize students with various aspects of their academic journey. During the session, students got acquainted with their class mentors, subjects, and the overall campus environment.

Industrial visit- Asscent Techo Soft

The Department of BCA (AI) organized a insightful Industrial Visit to Accent Techno Soft, offering students a unique opportunity to learn about real-world web development practices on 13.08.2024. The session was led by Mr. Mohammed Ibrahim, Mobile App Developer and Mr. Meinathan, Python Developer at Accent Techno Soft.

Seminar on Full Stack Development

The Department of BCA (AI) organized a comprehensive seminar on Full Stack Development on 05.09.2024 led by Mr. Eswaran M, Head of Computer Operations at Live Stream Technologies, Coimbatore. Students learned about essential technologies and frameworks used in full stack development, as well as the integration of both front-end and back-end elements in web development.

Seminar on Growth Mindset:

On 11.09.2024 the Department of BCA (AI) organized a insightful seminar on the topic Growth Mindset – The Fuel for Entrepreneurial Innovation led by Dr. N. Somasundharam a freelancer associated with Avitam Technologies, Coimbatore. During the session, Dr. Somasundharam emphasized that success is not instantaneous but a result of sustained effort and adaptability. He explained how cultivating a growth mindset allows individuals to embrace challenges, persevere through setbacks, and continuously strive for self improvement qualities essential for entrepreneurial success.

IPR Seminar on Legal Protection of IT products

On 02.09.2024 informative IPR (Intellectual Property Rights) Seminar on "Legal Protection of IT Products" was conducted by Mr. Krishnalal K.K, CEO of Safe Technologies, Palakkad. The session focused on the critical need for legal frameworks to safeguard intellectual creations in the IT domain.During the seminar, participants gained a comprehensive understanding of the importance of legal protection for IT products, including the role it plays in protecting developers' rights, maintaining system integrity, and setting standards for data privacy and security.

Seminar on Optimizing LinkedIn Profile Building a strong Resume & Navigating Career Pathways

On 08.10.2024 the Department of BCA (AI) organized a practical and insightful Seminar on Optimizing LinkedIn Profiles, Building Strong Resumes and Navigating Career Pathways led by Ms..S.Gandhimathi, Admin and HR Executive at Jeevan Infotech, Coimbatore. During the session, students learned the significance of networking and how to effectively engage with professionals on platforms like LinkedIn. Ms. Gandhimathi shared strategies for enhancing LinkedIn profiles, including tips on using the right keywords and tailoring resumes to match job market trends and employer expectations.

Endowment Lecture on Recent Trends in AI Tools

On 10.10.2024 the Department of BCA (AI) organized a Endowment Lecture on "Recent Trends in AI Tools" led by Mr. Mohamed Ibrahim Software Developer at Accent Techno Soft, Coimbatore. The session provided a valuable opportunity for students to stay updated with the rapidly evolving world of Artificial Intelligence. Mr. Ibrahim discussed cutting-edge AI tools, technologies and applications that are currently shaping industries students were introduced to new platforms, methodologies, and resources that can aid their learning and growth in the field of AI

Endowment Lecture on Different Applications of React JS

The Department of BCA (AI) organized a Endowment Lecture on Different Applications of React JS on 21.01.2025 led by Mr.Dharshan.Y, Web Developer, Accent Techno Soft Company Coimbatore.Students learned to create interactive, stateful and reusable UI components for web applications. Participants gained knowledge about the core principles, features and architecture of React JS, enabling them to understand its role in modern web development. Students developed practical skills in building, testing, and deploying React applications, empowering them to apply their knowledge in real-world projects and improve their coding proficiency.

Industrial Visit- Embuzz Technologies.

The Department of BCA (AI) organized a Industrial Visit to Embuzz Technologies on 22.01.2025 led by Mr.Amarnath Karthic,Director, Embuzz Technologies Private Limited,Coimbatore students gained knowledge on AI algorithms, including machine learning techniques, neural networks, decision trees and optimization algorithms. Students learned about how AI can be used to address complex problems and create innovative solutions. They learned the working structure and experienced real time project development of a software company. Students learned to work on AI-related projects, demonstrations and their capability to apply AI in real- world scenarios.

Intellectual Property Rights Seminar

The Department of BCA (AI) organized a Intellectual Property Rights Seminar on 31-01-2025 Patents & Copyrights in AI Algorithms "Legal and Ethical Challenges" led by Mr. Akshay K Nair Operations Processing Officer, Safe Technologies Palakkad. Participants gained an understanding of intellectual property law, how patents and copyrights apply to AI algorithms.Students developed knowledge about legal frameworks and how they impact the development and commercialization of AI technologies. Participants gained the ability to navigate the complexities of intellectual property laws related to AI technologies, including understanding patentability, copyright issues, and how to protect AI innovations effectively.

Fund Raising Essentials: Navigating Investment Opportunities and Pitching

The Department of BCA (AI) organized a Fund raising Essentials program on Navigating Investment Opportunities and Pitching on 07.02.2025 led by Mr. Ramkumar Thangavel, Managing Director, Skylena Info Technologies, Coimbatore. Students gained knowledge about various investment opportunities available for start-ups' and entrepreneurs, including venture capital, angel investing, crowd funding, and more. They understood the process of pitching to investors and the key components of a successful pitch, such as identifying market needs, defining the value proposition, and demonstrating potential growth. Students learned about the importance of building relationships with investors and understood the terms and conditions of investments.

Seminar on AI Driven Product Development

The Department of BCA (AI) organized a Seminar on AI-Driven Product Development, led by Mr. P R Abdul Rameez, Engineer at Tata Elxsi, Trivandrum on 07.02.2025. The session provided students with valuable insights into integrating Artificial Intelligence into product development. he seminar emphasized the importance of conceptualizing and prototyping AI-based products, giving students the skills to envision and create innovative AI-driven solutions.

Seminar on IT & Entrepreneurship for the Next Decade A Global Perspective

The Department of BCA (AI) organized a Seminar on IT & Entrepreneurship for the Next Decade A Global Perspective on 18.02.2025 led by Mr. John Theophilus, Founder & director, WebX Business Solutions, Coonoor, The Nigiris.Students understood how IT innovations drive entrepreneurship and global business growth.The participants learned about emerging technologies like AI, blockchain, and cloud computing.Students learned trends in digital transformation and startup ecosystems.They explored strategies for startup growth, innovation and digital transformation.

Seminar on Living with Intelligence

The Department of BCA (AI) organized a seminar on Living with Intelligence: Navigating Daily Life with AI on 19.02.2025 led by Mr. Sabari Prakash, Software Developer & Business Executive Seattle Technologies, Coimbatore. The participants understood how AI is used in daily life and its benefits in different industries. Attendees learned about the ethical issues related to AI, such as privacy and bias.
